

Grade 8
Unit 10
Lesson 2 Practice

Name _____
Date _____
Period _____

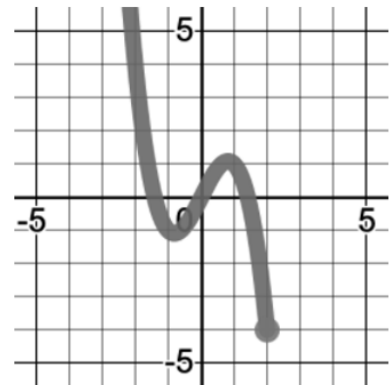

Identify the domain and range of each relation.

1. **Input** **Output**

3. $\{(4, 1), (8, 0), (8, -7), (-6, -7), (8, -4)\}$

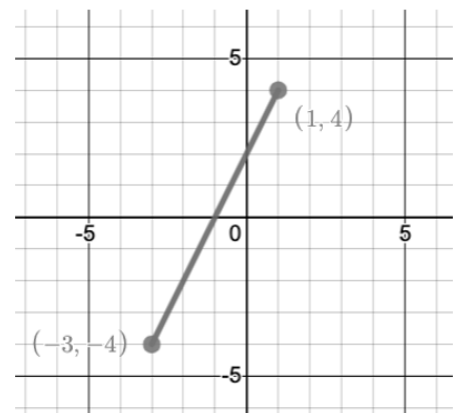

4.

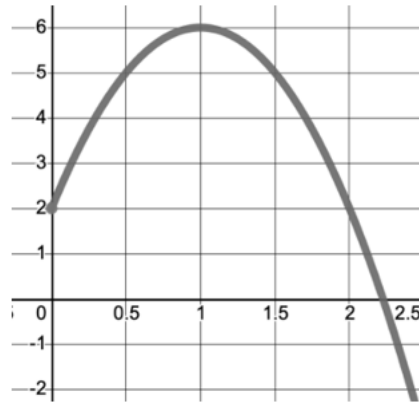

5.

x	y
-2.5	6
0	3
5	-11

6.

For questions 7-8, use the graph of a relation shown.

7. Write an inequality to represent the domain of this relation.

x

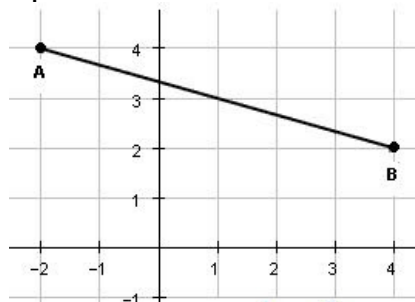

0	$>$
0	$<$
0	$\geq$
0	$\leq$

8. Write an inequality to represent the range of this relation.

y

0	$>$
0	$<$
0	$\geq$
0	$\leq$

For questions 9-10, use the graph of a relation shown.

9. Represent the domain of the graph using compound inequalities.

10. Represent the range of the graph using compound inequalities.
