

Grade 8
Unit 11
Lesson 2 Practice

Name _____
Date _____
Period _____

The table shows the percentage of canceled flights from 2012 to 2021 at Tampa International Airport.

Year	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021
Canceled Flights (%)	0.6	0.5	1.1	0.9	0.8	1.9	1.0	1.3	6.3	1.7

1. Identify the independent and dependent variable in this context.
2. Determine an appropriate scale for each axis.
3. Label the title to the graph and the axes.
4. Plot the points and connect the points in order using a straight edge.

5. Describe the trend on this line graph.

The table shows the amount of alternative-fueled vehicles in the United States from 1992 to 1999.

Year	1992	1993	1994	1995	1996	1997	1998	1999
Total Alt-Fueled Vehicles (in thousands)	251	315	324	333	352	368	384	408

6. Identify the independent and dependent variable in this context.
7. Determine an appropriate scale for each axis.
8. Label the title to the graph and the axes.
9. Plot the points and connect the points in order using a straight edge.

10. Describe the trend on this line graph.
