

Grade 6
Unit 9
Lesson 3 Practice

Name _____
Date _____
Period _____

Disney World in Orlando Florida opened Magic Kingdom in 1971. Since then, it has become a world-renowned attraction. Use the table that shows the number of visitors recorded (in millions) for questions 1-4.

Year	Total Visitors (in millions)
2010	16.972
2012	17.536
2014	19.332
2016	20.395
2018	20.859
2020	6.941

1. What is the mean attendance during this span of years? Round to the hundredths place.
2. Interpret the mean attendance for the 6 years.
3. Explain why the mean in the data above does not give information about Magic Kingdom's visitor attendance today.

For one week Sam kept track of how long it took for him in minutes to do his homework each day after school. Use the data for questions 4-5.

Day of the week	Total Minutes
Monday	120
Tuesday	42
Wednesday	91
Thursday	62
Friday	35

4. Find the mean.
5. Circle the data piece that is closest to the mean amount of time he spent doing homework.
6. The _____ is the arithmetic average of a set of numbers. It is a measure of central tendency.

The 5 deepest lakes in the United States by depth are listed in the table below. Use the data for questions 7-8.

Lake	Total Depth (in feet)
Crater Lake	1,949
Lake Tahoe	1,645
Lake Chelan	1,486
Lake Superior	1,332
Lake Pend Oreille	1,150

7. Find the mean of the data.
8. Interpret the mean depth of the lakes based on the data.

The Tampa Bay Rays had 23 pitchers in their 2021 season. A random sample of 7 pitchers are listed in the table. Use the data for questions 9-10.

Pitchers Name	Pitchers Age
Corey Kluber	35
Luis Patino	22
Brooks Raley	33
Shane Baz	22
Nick Anderson	31
Ryan Yargrough	30
Josh Fleming	25

9. Find the mean age of the pitchers given.
10. Interpret the mean based on the data given from the sample of pitchers.
