

Name: _____

Period: _____ Date: _____

7th Grade

Lesson 3.8 Skills Practice Worksheet

Mandee earned \$479.40 this past week at her job for working $37\frac{3}{5}$ hours. When she gets her check, she notices that there are deductions of \$18.78, \$5.09 and \$9.43 and a commission of \$52.71.

- 1) What is Mandee's hourly wage?

- 2) How much money is being deducted from her check?

- 3) What should her check be at the end of the week?
