

Name: _____

Period: _____ Date: _____

7th Grade
Lesson 2.2 Skills Practice Worksheet

For each simple experiment in the table, determine the sample space.

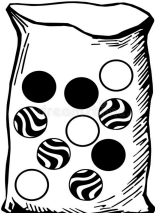

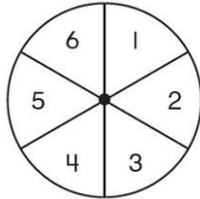

Simple Experiment	Sample Space
1. Draw one marble from the bag. 	
2. Drawing one card from the cards below. 	
3. Rolling a 10-sided number cube. 	
4. Spin the number spinner. 	
5. Given the sample space of lunch options (pizza, sandwich, hot dog, and taco), label the game wheel so that there is a fair chance of winning each option.
