Unit 12
Lesson 6 Homework

Name _____
Date _____
Period _____

For each problem, round your answer to the nearest hundredth, if necessary.

1. Randall bought a table priced at \$40 but is on sale for 30% off. After paying a tax of 3%, how much did Randall pay?

2. Amy bought a surfboard for \$175.82. Amy restored the surfboard and placed a mark up of 30% to sell in her store. A customer purchased the surfboard and paid an additional 2% in taxes. What was the total price of the surfboard?

3. A jewelry store bought a ring and mark it up 115% from the original cost of \$85.90. A customer purchased the ring and paid 8% sales tax. How much, including tax, did the customer pay for the ring?

4. Jessica owns a furniture store with refurbished dining room tables. She purchased a table for \$275. After repairs, Jessica put the table up for sale and marked it up 100% from her original cost. After a while, the table was sold. Determine the total cost of the table including an added 11% sales tax.

5. Harold bought a washing machine that was marked down 60% of its original price of \$380. If the store also charged Harold 5% in taxes, how much did Harold have to pay at the cash register?

6. Jimmy paid a total of \$870 for an item that had a discount of 15%. He also paid 3% in taxes after the discount was applied. Calculate how much the item cost before the discount.
7. A used car was sold for \$3,500 after taxes. The car had a markup of 110% and its new owner had to pay 8% in taxes. How much was the original price of the car?
8. Rachel enters a store that was selling everything at 15% off. Rachel's total bill, before the discount, was \$137. Rachel had to pay a 2% sales tax with her purchase. How much did Rachel pay?
9. An item was sold at \$1,875 after taxes. The item had a discount of 20% and a sales tax of 10%. How much was the original price of the item?
10. Joshua owns a firewood company. Joshua bought a load of wood for \$1,780 and marked up the wood by 20%. Joshua sells the wood and charges a 3% sales tax. For how much does Joshua sell the wood?
