

MTR 3.1 — Complete tasks with mathematical fluency.

STUDENTS WHO MASTER THIS STANDARD...

- Select efficient and appropriate methods for solving problems within the given context.
- Maintain flexibility and accuracy while performing procedures and mental calculations.
- Complete tasks accurately and with confidence.
- Adapt procedures to apply them to a new context.
- Use feedback to improve efficiency when performing calculations.

TEACHER MOVES (FLDOE CLARIFICATIONS)

- Provide students with the flexibility to solve problems by selecting a procedure that allows them to solve efficiently and accurately.
- Offer multiple opportunities for students to practice efficient and generalizable methods.
- Provide opportunities for students to reflect on the method they used and determine if a more efficient method could have been used.

QUESTION STEMS TO USE TOMORROW

- *“Is there a more efficient way to solve this?”*
- *“Would your method still work if the numbers changed?”*
- *“Which strategy did you choose, and why?”*
