

Grade 7
Unit 1
Lesson 4 Practice

Name _____
Date _____
Period _____

Model each addition or subtraction using the integer chip model and the number line model.

1. $-4 - 3 =$ _____

Integer Chip Model	Number Line Model
	

2. $-3 + 11 =$ _____

Integer Chip Model	Number Line Model
	

3. $-6 - (-8) =$ _____

Integer Chip Model	Number Line Model
	

4. When multiplying or dividing integers with the **same** sign, the sign of product or quotient will be

- ☐ positive.
- ☐ negative.

5. When multiplying or dividing integers with **opposite** signs, the sign of product or quotient will be

- ☐ positive.
- ☐ negative.

Evaluate each expression.

6. $-156 + (-97)$

7. $63 \div (-9)$

8. $-8 \cdot (-7)$

9. $-34 - (-17)$

10. -6×5
