

Complete the table to describe the three-dimensional figure formed for questions 1-4.

	Net	Three-Dimensional Figure Formed
1.		Rectangular Prism
2.		Pyramid
3.		Cube
4.		Pyramid Rectangular Pyramid

A three-dimensional figure is shown for questions 5-6.

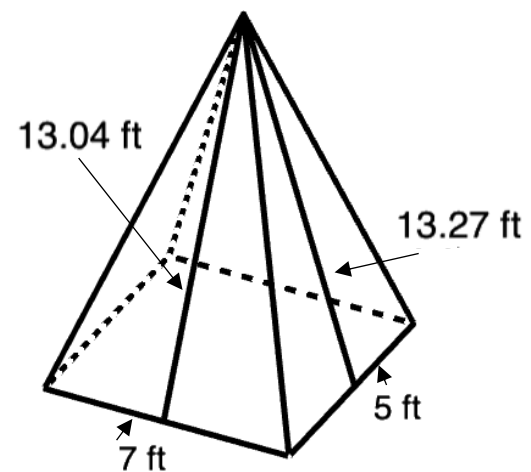

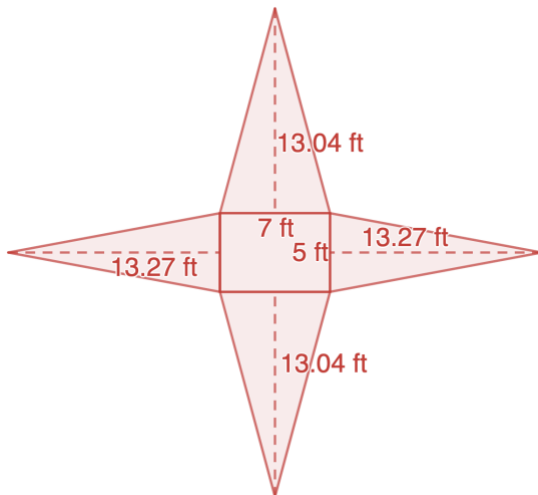

5. Sketch the net or the individual faces of the three-dimensional figure.

6. Label each side of the net with the appropriate measurement in meters (m).

A three-dimensional figure is shown for questions 7-8.

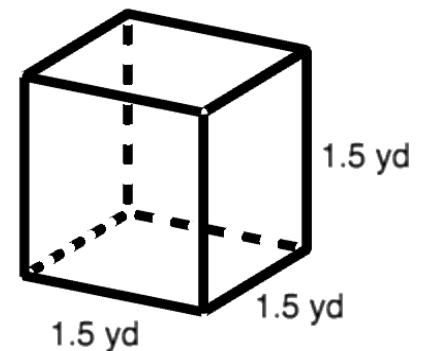

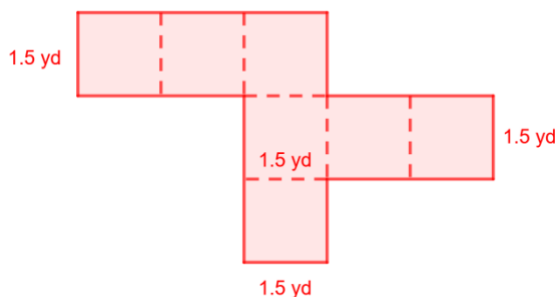

7. Sketch the net or the individual faces of the three-dimensional figure.

8. Label each side of the net with the appropriate measurement in feet (ft).

A three-dimensional figure is shown for questions 9-10.

9. Sketch the net or the individual faces of the three-dimensional figure. ***all dimensions are 1.5 yd**

10. Label each side of the net with the appropriate measurement in yards (yd).
