Unit 12
Lesson 6 Practice

Name _____
Date _____
Period _____

For each problem, round your answer to the nearest hundredth, if necessary.

1. Randall bought a table priced at \$35 but on sale for 42% off. After a tax of 4%, how much did Randall pay?

2. Amy bought a shortboard for \$186.90. Amy restored the shortboard and marked it up 25% in her surf shop. A customer came in and bought the shortboard and paid 3% in taxes. What was the total price of the surfing board?

3. A jewelry store bought a pair of earrings and marked it up 105% from the original cost of \$97.60 . A customer purchased the earrings and also paid 4% in sales tax. How much, including tax, did the customer pay for the earrings?

4. Jessica owns a furniture store and purchased a bookshelf for \$325. Jessica painted the bookshelf, marked it up 110%, and put it on her sales floor to sell. Eventually the bookshelf was sold with a sales tax of 8%. How much, in total, did the bookshelf sell for?

5. Harold bought a washing machine that was marked down 65% off its original price of \$420. If the store charged Harold 4% in sales tax, how much did Harold have to pay?

6. Jimmy wanted to buy an item that costs \$680, but had a discount code for 10% off. He also had to pay 4% in taxes after the discount. Calculate how much the item will cost for Jimmy.
7. A car dealer purchased a used car from a third party for \$4,700. Before selling it, they marked the car up 100%. The customer also had to pay an additional 6% in taxes. How much was the final price of the car?
8. Rachel enters a store that was selling everything at 20% off. Rachel's bill was \$189 before the discount. At check out, Rachel had to pay an additional 3% in sales tax. How much did Rachel pay?
9. An item was selling for \$2,940 before taxes with a 15% discount. The item also had a sales tax of 8%. What was the final price of the item?
10. Joshua owns a firewood company. Joshua bought a load of wood for \$3,690 and marks up the wood 15%. Joshua sells the wood and charges a 4% sales tax. For how much does Joshua sell the wood?
