

Algebra 1
Unit 3
Lesson 2 Homework

Name _____
Date _____
Period _____

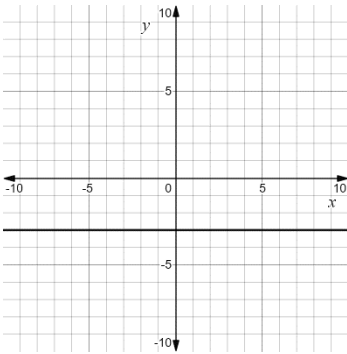

For questions 1 through 4, determine the slope of the line shown.

1.

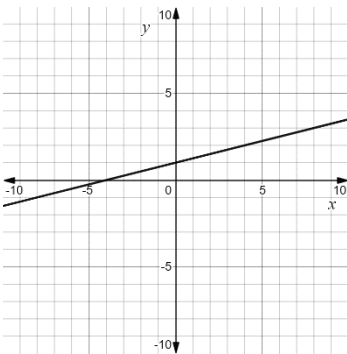

$$m = \underline{\hspace{2cm}}$$

2.

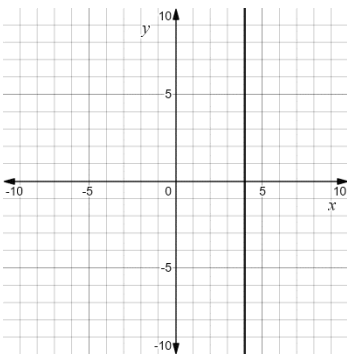

$$m = \underline{\hspace{2cm}}$$

3.

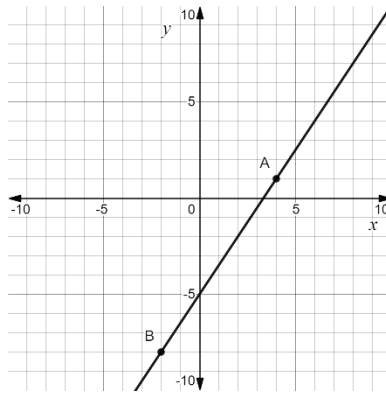

$$m = \underline{\hspace{2cm}}$$

4.

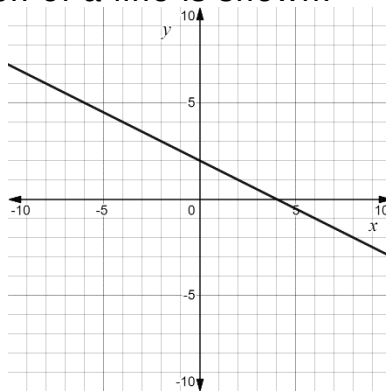

$$m = \underline{\hspace{2cm}}$$

For questions 5 through 8, the graph of a line with points A and B labeled is shown.

5. Write the equation of the line in point-slope form using point A .
6. Write the equation of the line in point-slope form using point B .
7. Rewrite the equation in point-slope form from point A in slope-intercept form.
8. Rewrite the equation in point-slope form from point B in standard form.

For questions 9 and 10, the graph of a line is shown.

9. Write the equation of the line in point-slope form.
10. Rewrite the equation from question 9 in standard form.
