

Algebra 1

Unit 9

Lesson 3 Homework

Name _____

Date _____

Period _____

Use the information provided in each table to write the equations in vertex form and standard form.

1. Identify the vertex.

(____, ____)

x	-2	-1	0	1	2
y	31	16	7	4	7

2. Write the equation for this quadratic in vertex form and standard form.

a. Vertex form:

b. Standard form:

3. Identify the vertex.

(____, ____)

4. Write the equation for this quadratic in vertex form and standard form.

a. Vertex form:

x	y
-4	-6
-3	-7.5
-2	-8
-1	-7.5
0	-6

b. Standard form:

5. Identify the vertex.

(____, ____)

6. Write the equation for this quadratic.

a. Vertex form:

b. Standard form:

x	y
0	-8
1	-2
2	0
3	-2
4	-8
5	-18

7. Identify the vertex.

(____, ____)

8. Write the equation for this quadratic.

a. Vertex form:

b. Standard form:

x	1	2	3	4	5
y	$\frac{13}{4}$	2	$\frac{5}{4}$	1	$\frac{5}{4}$

9. Identify the vertex.

(____, ____)

10. Write the equation for this quadratic.

a. Vertex form:

b. Standard form:

x	y
-1	0
0	3
1	0
2	-9
3	-24
