

Geometry: Unit 7, Lesson 3

1. Right triangle $\triangle TMW$ is shown. What is the ratio of the tangent of $\angle W$?

2. Right triangle $\triangle SWY$ is shown. What is the sine of $\angle S$?

3. Right triangle $\triangle MRK$ is shown where $MR = 5$, $RK = 12$, and $MK = 13$. What is the tangent ratio of $\angle K$?
