

Geometry: Unit 9, Lesson 10

1. What scale factors, k , will create an enlarged image?

2. Segment $\overline{H'N'}$ is formed by applying a dilation of scale factor k onto segment $\overline{HN}$ as shown on the coordinate grid. What is the scale factor of the dilation that maps $\overline{HN}$ onto $\overline{H'N'}$?

3. What is the scale factor of the dilation shown with the given quadrilateral $AUSE$?
