

Geometry
Unit 11
Lesson H1 Practice

Name _____
Date _____
Period _____

Complete the missing steps showing one way to construct an equilateral triangle inscribed inside a circle.

Step	Procedure
1	Use a compass to draw a circle. Mark the center and label it.
2	
3	Draw a diameter. Label the endpoints.
4	
5	Draw a circle.
6	
7	

Use Point *A* to construct an equilateral triangle inside a circle.

A

Complete the missing steps showing one way to construct a square inscribed inside a circle.

Step	Procedure
1	Use a compass to draw a circle. Mark the center and label it.
2	
3	Construct a circle with a radius larger than the original circle with the center at one endpoint of the diameter.
4	
5	Mark the intersections of the two circles.
6	
7	
8	Connect the points.

Use Point P to construct a square inside a circle.
